

Dario Schwoerer, a Swiss adventurer has just reached the shores of Singapore with his young family (3 children) on a boat which uses only clean energies.

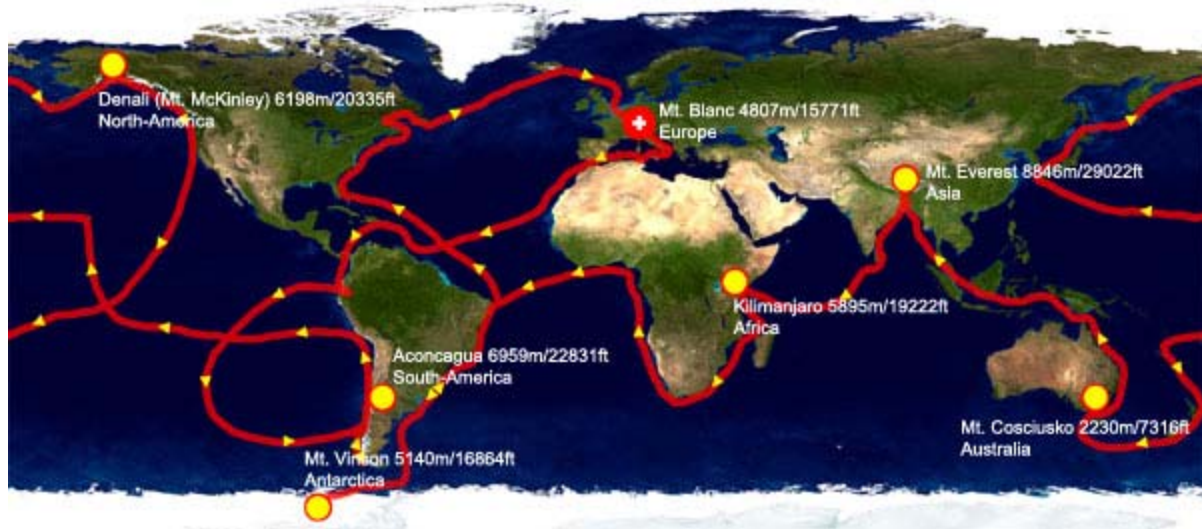

The TOPToTOP Global Climate Expedition [www.toptotop.org](http://www.toptotop.org), a fantastic project under the patronage of United Nations Environment Program, sponsored by the Swiss government and private sector, is the first expedition to travel over the seven seas to the seven summits of all climate zones using only nature's power.

The traveling team is engaged in educational activities with schools and universities all over the world, inspiring for clean energy solutions. So far they have sailed over 70'000 kilometers in their expedition vessel, climbed 400'000 vertical meters, cycled over 18'000 kilometers and visited over 40'000 students!

swissnex Singapore and the Embassy of Switzerland in Singapore are supporting the team in Singapore by reaching out to the relevant stakeholders and coordinating the program. TOPToTOP will be presented at the Swiss booth at Clean Tech Expo, Singapore International Energy Week, (18 to 20 November). Additional events are organized with Polytechnics and Junior Colleges students, the Swiss community, environmental groups and sponsors' customers and staff (Victorinox, SGS). For the detailed schedule please visit [www.swissnexsingapore.org](http://www.swissnexsingapore.org)

You are cordially invited to participate in the events taking place in Singapore whenever appropriate. For coordination please get in contact with Jacqueline Kaiser ([intern-a@swissnexsingapore.org](mailto:intern-a@swissnexsingapore.org), Tel: 6774 9363, Mobile: 9460 9037).

- **The expedition aims** to demonstrate that great goals and progress can be achieved in balance with nature.
- **The mission** is to inspire young people for a better future. Along the expedition we show examples of nature's beauty and promote innovations for a green planet and specially to protect our climate, in class rooms all over the world.
- **The key messages** are "climate protection" and "enjoy nature through sport but also give something back to nature".
- **The vision** is that TOPtoTOP becomes a lasting platform which brings active people closer to nature and sports.
